Already a member? [Log in](#) using your existing Quest username and password

Registration Key: **PG&E2022**

Under **Confirm Your Eligibility**, enter your **LANID**

1

[Patient Service Center \(PSC\)](#)

Quest Diagnostics has 2,250 convenient PSC locations across the country that can be used to complete a traditional non-fasting blood draw (2-3 vials). [PSC Experience](#)

2

[Physician Results Form](#)

Use one of your four free primary care visits through the Health Account Plan. This can be used for an upcoming or past appointment (on or after 4/1/21).

3

[At an On-site Event](#)

On-site events provide an easy and convenient way to complete your fingerstick screening (select locations only). [Onsite Event Experience](#)

4

[Self-Collection](#)

Collect your own screening specimens with Quest Activate. Follow the directions in the materials and return both cards to complete your health and tobacco-free screening.

- Questions, call Quest at 1-866-271-8144, option 1 then option 3, or Wellness@QuestDiagnostics.com
- Fasting is **NOT** required for any of the four screening options
- For a full YouTube demo on how to register and schedule click [HERE](#)
- You may also complete your screening at the PG&E Health Center on the 3rd floor 1850 Gateway Blvd. Concord. Call Premise Health at 628-201-3555 for an appointment.

*If you are completing your screening at a PG&E facility, please make sure to follow the COVID-19 safety protocols for entering that facility. Visit the [COVID-19 website](#) for up-to-date information.
